Anatomic Dissections April 25th

Per Regensburg tradition, dissections will be on fresh frozen specimen of excellent quality. State of the art instrumentations will be provided with compliments of Medicon Company. Department of Anatomy, navigate to „Tiefstrasse West“. For parking navigate to „Am Biopark“. Emergency phone number +49 176 45290517

Venue May April 26th– April 27th

We are fortunate to stage this event in the breathtaking surroundings of the beautiful „Herzogssaal“ in the heart of Regensburg. Address: Domplatz 3, 93047 Regensburg

Prices (per Person)

- Regular Course (April 26th– April 27th): € 750
 - Reduced (EAFPS, RSE, April 26th– April 27th): € 675
 - Anatomic Dissections (April 25th 2 participants per head): add. € 1675
 - Both courses incl. dissections (April 22nd– April 27th): € 4350
 - Both courses reduced incl. dissections: € 4000
 - Course Dinner (April 26th, per person): € 100
- Reduced: EBCFPS certified; members of RSE, EAFPS. Please provide proof.

Hotels, Transport, Registration

Fly into Munich Airport; 60 min direct train connection from the terminal building as well as door to door shuttle transfer (airportliner.de) are available. Beautiful and moderately priced Hotels „Goliath“ and „Herzogshof“ and more are in close walking distance in the heart of the old town. For all information see: www.facial-plastic-surgery.eu

In Conjunction with the Face Lift Course April 22nd– April 24th

"Live Surgery"
"Anatomic Dissections"

Program Directors:

Holger G. Gassner, Abel-Jan Tasman, Miguel Ferreira

Cooperating Department: ORL, University of Regensburg, Chair: Prof. Dr. Ch. Bohr

Live Surgery:

Transmission from the „Finesse Center for Facial Plastic Surgery“

Organization:

Anatomic Dissections:

Olga Fischer, Tanika Curry, Basem Damanhour, Fresh frozen dissections, Dept. of Anatomy, University of Regensburg, Chair: Prof. Dr. S. Härteis

Dear Colleagues and Friends:

Minimally invasive techniques benefit patient and surgeon alike. Less tissue dissection, measurable preservation of valuable tissues, enhanced recovery and a more benign situation for possible revision procedures. Endonasal approaches and soft techniques are important elements of minimally invasive rhinoplasty.

The present course combines the Regensburg tradition of endonasal innovations with minimally invasive techniques performed through the open approach. Join the experiences of 21 courses and over 2.000 attendees since 2009.

Presentations will be case – based and evidence based. The program has been designed in collaboration with the Evidence Based Rhinoplasty Research Group (EBRRG) and is under the auspices of EAFPS and RSE. EBCFPRS certified diplomates receive a discount.

Topics of focus will include:

- step – by step instruction of endonasal approaches
- minimally invasive techniques
- strategies to enhance recovery
- detailed technical instructions
- case – based interactive training

During a full day of anatomic dissections you will practice endonasal and minimally invasive rhinoplasty techniques under expert mentoring. Regensburg is one of Germany's most wonderful medieval towns, relaxing yet vibrant. Travel is easy through Munich airport, and excellent hotels are affordable.

The 5th European Course in Face Lift and Rejuvenation Surgery will take place back to back from April 22nd to the 24th. Benefit from the opportunity of registering for both courses and maximize you learning experience.

Please join us for these unique events

The 6th Course in Endonasal and Minimally Invasive Rhinoplasty — Regensburg 2027:

Preliminary Program

Sunday April 25th

09:00	Registration – Department of Anatomy
09:30	Dissections, Anatomy Laboratory
12:00	Lunch
15:00	End of course

Monday April 26th

08:00	Registration – Herzogssaal	
08:15–08:30	Welcome address	Tasman, Bohr, Gassner
08:30–08:50	Defining „Minimally Invasive“ in Rhinoplasty	Gassner
08:50–09:10	Septoplasty – basic and advanced techniques	Tasman
09:10–09:30	Defining endonasal incisions and approaches	Haubner
09:30–09:45	Controlling tip position endonasally	Kashani
09:45–10:00	Controlling tip shape endonasally	Daher
10:00–12:45	Live Surgery (Surgeon Gassner)	Tasman, Ferreira
12:45–13:30	Lunch Break	
13:30–13:45	Controlling the midvault	Curry
13:45–14:15	Adjusting the bony skeleton – softly	Gassner
14:15–14:35	The overprojecting tip	Pastorek (online)
14:35–15:05	Coffee Break	
15:05–15:35	Mastering the tip endonasally	Tarragona
15:35–15:55	Where do concepts diverge and why	Tasman
15:55–16:15	Coffee Break	
16:15	Interactive 10 minute cases: Present pre-OP, simulation, technique, post-OP Moderator: Tasman	
	Dorsum I	Haubner
	Dorsum II	Tasman
	Dorsum III	Ferreira
	Tip I	Menger
	Tip II	Damanhour
	Tip III	Tarragona
19:30	Course Dinner at Restaurant David, Goldene Baeren Strasse 7	

Tuesday April 27th

08:00–08:35	Being less invasive in rhinoplasty	Tasman
08:35–09:00	Pediatric Rhinoplasty	Menger
09:00–10:15	Interactive 10 minute cases: Present pre-OP, simulation, technique, post-OP Moderators: Tasman, Ferreira	
	The asymmetric nose I	Haubner
	The asymmetric nose II	Tarragona
	The saddle nose I	Tasman
	The saddle nose II	Kashani
	The under – projected tip	Haubner
	Thin skin tip	Daher
10:15–10:45	Break	
10:45–11:10	Dorsal alignment and contour	Ferreira
11:10–11:30	Septal perforation repair	Bohr
11:30–11:50	Antibiotic prophylaxis in rhinoplasty	Gassner
11:50–12:05	Moderated Discussion	Tasman, Haubner
12:05–12:15	Course photo in front of main entrance	
12:15–13:00	Lunch Break	
13:00–14:20	Interactive 10 minute cases: Present pre-OP, simulation, technique, post-OP Moderators: Tasman, Ferreira	
	Allogenic rib grafting	Menger
	The nasal valve I	Tasman
	The nasal valve II	Haubner
	Complications from medical tourism I	Menger
	Complications from medical tourism II	Ferreira
	Complications from medical tourism III	Tarragona
14:20–14:50	Coffee Break	
14:50–16:00	Panel: One deformity, various solutions: Present pre-OP, simulation, technique, post-OP Moderators: Haubner, Bohr	
	Fine dorsal contouring	Menger, Tasman
	Vertical malposition	Ferreira, Tarragona
	Alar base	Tasman, Gassner
16:00	Adjourn
